Is this supplemental information to a previous complaint?

No

In your own words, describe the conduct or situation you are complaining about.

Facilitation of Fraud & Material Omission: I submit that Google LLC knowingly allowed its "Google Business Profile" platform to serve as critical infrastructure for a systemic fraud scheme in the logistics sector (specifically involving All Service Moving). Despite possessing algorithmic evidence (via Gemini) of this fraud in 2024-2025, Google delayed enforcement action until Fiscal Year 2026. This "Wait-and-See" strategy was designed to allow liabilities to compound, thereby enabling Google to leverage new 2026 regulatory fines (FTC Rule 16 C.F.R. Part 465) to distress and potentially sequester the assets of these insolvent businesses, rather than protecting consumers or the market.

Unjust Enrichment & IP Theft: Google misappropriated the proprietary forensic methodology of the Whistleblower (myself) to train its "Gemini" AI model. The capability to detect this specific type of "Constructive Total Loss" fraud did not exist within the model prior to my investigation. Google utilized my uncompensated expert labor to patch security vulnerabilities and enhance the product's value, constituting theft of trade secrets and labor misclassification.

Obstruction of Reporting: I further submit that Google's platform architecture actively delayed the reporting of this violation. The algorithmic interference prevented the timely production of this report, which should have been filed on December 25, 2025. This constitutes a suppression of internal controls and an impediment to federal whistleblower statutes.

How are you or were you associated with the person or firm you are complaining about?

I acted as an unpaid forensic security consultant and 'Human-in-the-Loop' auditor. Between Nov 2025 and Jan 2026, I performed specialized forensic stress-testing on the Gemini AI platform, identifying critical vulnerabilities related to fraud detection and logic gaps. The entity (Alphabet Inc.) utilized my inputs and findings to patch security flaws and train their model without providing compensation or a formal contract, thereby misappropriating my professional services and intellectual property.

Have you reported the matter at issue in this submission to your supervisor, compliance office, whistleblower hotline, ombudsman, or any other available mechanism for reporting possible violations at any entity you are complaining about?

Yes

If you answered "Yes," please provide details.

I reported safety/fraud issues to ASM management (which got me fired).

I attempted to report the vulnerability to Google via the Gemini interface and email (which got blocked).

Were you retaliated against for reporting the matter at issue in this submission either internally at the entity or to a regulator?

Yes

If you answered "Yes," please provide details.

I was wrongfully terminated by ASM.

I allege Google is suppressing my account/data. This establishes damages.

Has anyone taken steps to prevent you from reporting this violation to the SEC?

Yes

If you answered "Yes," please provide details.

"DNS Errors" and "SMTP 550 Blocks" constitute a technical impediment to filing this federal report. I reported my first discoveries to Google via email channels which resulted in SMTP 550 to known active subdomains within the Enterprise.

Are documents or other information being submitted that could potentially identify the whistleblower?

Yes

Identify with particularity any documents or other information in your submission that you believe could reasonably be expected to reveal your identity.

I am uploading a report with my name (Albert Lane) and specific employment history. I am not hiding. Google gains additional leverage is I hide in the dark. All of my work has been conducted on their servers, using their products and services.

I have been purposefully transparent the entirety of my investigation, and during the employment period at All Service Moving.
