Personal description

In your own words, describe what happened

Sequenced events now suppress a Federal Whistleblower, with violations of Freedom at timeline source. I'm presently being suppressed by Corporations actively deleting and altering documents from my devices, and unable to obtain an Oregon concealed carry license, simply because erosive trust in local authorities. These events, in descending order, touch on problems in the judicial space, highlighting unique areas for improvement:

Current: Retaliation, Record Tampering & Deletion, covert monitoring, stalking, sentinel malware attacks, surveillance and discrediting from one Oregon State Auditor.

0. SEC & IRS Whistleblower Reports: (incalculable penalty fees, fines & damages)

1. FBI's IC3: Domestic Terrorism (Digital & Economical)

2. Retaliation & Suppression from Oregon's Employment Department (For reporting SUDO Dumping they failed to catch 9 years running)

3. 2025 "Wrongful Termination": Escalated Tax Fraud internally, Corporate Identity Fraud (employer)

4. 2023 - Sentinel Malware Attack (unknown)

5. 2023 - Washington County refused to solve THEIR "identity association fraud."

6. 2021 - Sentinel Malware Attack (unknown)

7. 2019 - Malware Attack (unknown)

8. 2017 - 5Yr License suspension (Terminal employment barrier)

9. 2017 - Oregon State Identity Fraud+ Prosecution /w False Identity

10. 2017 - Malware Attack (unknown)
11. 2016 - Stalked, arrested, booked+ released as FALSE IDENTITY ASSOCIATION - Washington Co, OR.
12. 2015 - Malware Attack (unknown)
13. 2014 - Oregon State Police Arrest (Targeted, no contest, 3Yr license suspension, 2.5k fine)
14. 2010 - Served Warrant: False Identity Record.
15. 2009 - 2.5K fine, 1Yr license suspension, revoke of diversion completion. No justification.
16. 2009 - DUII Conviction: Revised Conviction for "honest mistake" from missing "show-cause" hearing, Judge refused listening. Had no violation. "Missed" show-cause hearing, revoked diversion+compounded fines.
17. 2008 - DUII Conviction: Guilty. Legitimate. Diversion Successful. \$550 fine, 90 days license suspension.
My events now associate targeted, Sentinel Malware development, "unprovable" because of record deletion, tampering and surveillance following Federal Whistleblower Reports, with proof, valued at trillions in penalty fines, legally connecting to Domestic Terrorism.
Despite my reports, I remain unable to functionally operate with appreciable normalcy; I do not trust State Judicial system(s), now prohibiting me from protecting myself and obtaining concealed firearm licensing in Washington County, because of prior negligence, and abuse of trust.
The Whistleblower Reports further increase the probability of targeting by State, Federal, Civic, and Private Sectors, which alienates me for my selfless acts, exchanging personal consequences including indefinite financial harm for actionable intelligence provided to regulators.
My events leading to Whistleblower Reporting directly connect an inseparable source. I have more evidence, more proof of current suppression, yet do not appropriately trust Federal and State agencies because the channels are corrosive, or eroded at the source. My local Portland FBI branch transferred to a defunct call tree with invalid options.
My right to "freedom" has not been exploited. It has been psychologically and forcefully stripped in ways I'm unable to articulate to anyone who would believe me.
This is not a "Civil Rights" problem. It's far outside legal definition of the word. Civil problems have solutions.
